# Children's Menu

We love nothing more than sharing our passion for food with children, so we've partnered with Dotty's Kitchin to create a menu that nourishes and excites little people. The menu is all homemade by our skilled chefs using fresh & seasonal ingredients.

At Dotty's Kitchin, we believe the best way to get kids excited about good food, is by making it fun and yummy! For more information on Dotty's Kitchin visit [www.dottyskitchin.com](http://www.dottyskitchin.com) or follow us @dottyskitchin
